## **Multipurpose Flock Machine & Velvet Pencil Making Machine Manufacturers In India**

### **Every customer Must To know About what is the Flocking Machine OR Velvet Products Making Machine history in india?**

**First, what is the Flocking or Flocked process?**

**An Artificial Velvet Effect done on Any Surface ( Surface Like..Paper, Clothes, Wood, Plastics, Rubber, ...etc) by Some Machine called Flocking or Flocked. And The Machine Called as Flock Machine.**

**How The Flocking Process Works?**

### **There Are Two Process And Two Types of Flocking Machines,**

**1) FORWARD REVERSE FLOCKING : If you want the best Velvet Effect on Any Surface, this process is The Best in its Applications, This Flock Machine is costly but the best result if you want you have to go for it.**

**2) REVERSE FLOCKING : If The Flock Powder flows only bottom to top....called reverse flocking and you can get almost a maximum up to 70 % result compared to Forward Reverse Flocking.**

### **Now The Main Things :**

**There are two types of FLOCKING MACHINE available in the market,**

**1) Solid states Flocking Machine, Which is working on 15 years old technology.**

**2) Microprocessor Based Advance Flocking Machine.**

**Microprocessor Based Advance Flocking Machine Always working with 100% Accuracy, Low Power consumption & APPROX 0 % Wastage, Trusted by the World Over The Years, And Since 1998 We "Electro Systems" are the trusted Flock Machine manufacturers in India, Over Thousands of satisfied Customers Clients Working With Our Flocking Machine in Various Industries with satisfaction. Flocking Velvet Printing Machine Used for Velvet Sarees, Velvet Dress Materials, Velvet Fabrics, Velvet Tablecloths, Velvet Curtains, Velvet Bed Sheet, Velvet T-Shirts, Velvet Caps, Velvet Paper Sheet, Velvet Bindi, Velvet Plastics Articles, Velvet Industrial Products, Velvet Pens & Pencils, Velvet Gift Box Article, Velvet Table Mate, Velvet Mouse Pad, .....**
